

Iben Wandrin has lost his way. He remembers going 1 block east, then 12 blocks north, then 3 blocks east, then 5 blocks south, then 8 blocks west. Give him directions to get him back to where he started. How did you arrive at that answer?

Iben Wandrin has lost his way. He remembers going 1 block east, then 12 blocks north, then 3 blocks east, then 5 blocks south, then 8 blocks west. Give him directions to get him back to where he started. **4 blocks east and 7 blocks south**
