

What is this?

Record 5
observations &
then take a guess.

What more
information would
you like to have to
identify it?

Bag of sprouted potatoes on kitchen counter

- ◇ Share observations & identification ideas.
- ◇ What observations were most useful in identifying this correctly?

More useful information:

- ◇ more pictures at different magnifications
- ◇ location of the item when and where it was found

If you have more time to explore...

- ◆ Why did this happen?
- ◆ Can you still eat the potatoes ?
- ◆ What else could you do with the sprouted potatoes, and how do you do that?
- ◆ Why are some of the sprouts white, and some purple?
- ◆ The potatoes are different colors. What different types of potatoes do we eat? Is there a difference in their nutrition?
