

What's the thing in the middle of the flower, and why do you think so? Guessing is totally fine!

Zoomed in . . .

What's the thing in the middle of the flower, and why do you think so? Guessing is totally fine!

goldenrod or flower crab spider

*Misumena vatia*

Steve Gettle Nature Photography's Post

Brighton State Rec area, MI

Morton Arboretum, Lisle, IL

Time permitting, do an internet search! This is one of many sic spiders!
